

INSIGHT DIALOGUE RESIDENTIAL RETREAT

With Gregory Kramer
December 5th – 9th, 2019

This special event is being offered during the time Gregory is on a private visit to Australia

Living the Six Tenets of a Whole Life Path

During this retreat, with the support of Insight Dialogue and silent meditation, we will explore *six tenets* that will help us to craft a whole life path rooted in early Buddhist teachings, and one that suits our character and circumstances. The Buddha provided extensive and specific guidance for monastics as to how to live a life inclined towards awakening, but guidance for westerners wanting a life fully rested in the Noble Eightfold Path, needs to be fleshed out. This retreat will empower us to touch the suttas as living teachings, and to participate in a community dedicated to the development of meditative qualities and wisdom.

We will come together to practice Insight Dialogue, an interpersonal process that brings together meditative awareness, the wisdom teachings of the Buddha, and the power of relationship to support insight into the nature, causes, and release of human suffering. In solo silent meditation, and meditating in dialogue with one another, we will cultivate inquiry into this shared human experience and touch the possibility of awakening alone and together.

This retreat welcomes Insight Dialogue practitioners and people with insight/vipassana and mindfulness meditation experience.
